The Montessori approach is holistic and aims to develop the whole child.

Fundamental to the approach is the belief that a child's early years from birth to six are the period when they have the greatest capacity to learn.

What is the Montessori Approach? - Montessori St Nicholas

Download Free Understanding

Montessori is an approach to education based upon the principle that schooling should work with the nature of the child, instead of against it. Therefore, education should be based upon scientific study of the child and a resulting understanding of the processes of development and learning.

About Montessori Education – Untitled

The Approach

The early years (birth through age 6) are a critical time to set a strong foundation for who a child will become and the role she or he will play in the future. A Montessori education develops students who
